Summary

Results-driven Computer Science student passionate about building user-centric solutions. Skilled at delivering high-quality projects in collaborative environments. Adept at problem-solving, with strong analytical and communication skills.

Education

B.Tech in Computer Science, Mahakal Institute of Technology, Ujjain 2022–2026
CGPA: 6.88

Higher Secondary, Government School of Excellence, Ujjain 2020–2021
Score: 89.6%

Skills

Languages: C++, Python, JavaScript

Web Technologies: HTML, CSS, Bootstrap, Tailwind CSS, React, Node.js, Express.js

Version Control: Git, GitHub

Other: Data Structures and Algorithms (DSA)

Soft Skills: Problem-Solving, Communication, Analytical Thinking

Experience

Front-End Intern, Cognifyz Technologies (Remote) Feb 2025–Mar 2025

- Developed and optimized responsive web interfaces using React, Tailwind CSS, and JavaScript, improving page load times by 20%.
- Enhanced UI performance by creating reusable and modular components, reducing development time by 30%.
- Collaborated in an agile team environment to streamline workflows and ensure timely project deliveries.

Front-End Trainee, Jobsense Institute, Ujjain Oct 2023–Nov 2023

- Built and deployed multiple projects including E-commerce Website, Task Manager, and Weather App using HTML, CSS, JavaScript, and React.
 - Strengthened understanding of responsive design principles, achieving a 100% device responsiveness rate.
-

Projects

SynapShare (MERN Stack)

- Developed a centralized platform for BTech students to share academic notes and access tech news.
- Implemented secure file upload, search functionality, and real-time updates, tested with 100+ concurrent users.
- Challenge:** Designing a scalable database and ensuring privacy; **Solution:** MongoDB indexing, JWT authentication.

CodeRank (React, Tailwind CSS)

- Built a coding practice platform supporting 5+ languages with real-time performance tracking and dynamic leaderboards.
- Challenge:** Managing API request limits; **Solution:** Optimized request throttling and caching mechanisms.

Other Projects:

- Portfolio Website (Capture Crew), Amazon Clone, To-Do List App, Calculator, Weather App, Notes App, Login/Signup Form, Movie Info Website.
-

Achievements & Activities

- Winner and runner-up in multiple inter-college quiz competitions.
 - Participated in 5+ hackathons including one global event, securing finalist positions.
 - Volunteered and led teams for TEDx events, college fests, and Deepjyoti Arpanman initiatives.
-
